PRIMARY EXAMINER

### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance:

Claims 1-12 are allowable over the Prior Art since the Prior Art fails to adequately teach or suggest all of the limitations of claim 1, particularly, a plurality of spindles being rotatably mounted in said housing and extending between said side walls, each of said spindles being positioned generally adjacent to a bottom edge of said peripheral wall, each of said spindles having a central portion and a pair of lateral portions positioned on opposite sides of said central portion, a plurality of paddles being attached to each one of said central portions and radially extending outwardly away therefrom, each of said central portions being positioned adjacently to a jet of water directed by one of said nozzles such that said spindles are rotated in a first direction when the jets of water strike said paddles.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
